The advantages of InCorp International come from reliable track records, profound industry expertise, dedicated and experienced professionals, technology oriented processes, standardized methods, continuous attention to changes in laws and regulations, and a wide range of industry context. In the complex and ever-changing international environment, InCorp International provides a comprehensive enterprise service ecosystem tailored to the investment needs of its clients, including company registration, company secretarial services, stock registration, regulatory compliance, taxation, immigration, accounting, payroll systems, risk assurance, internal auditing, sustainable development reports, business consulting, and more.

InCorp International, with a deep understanding of global taxation and accounting, provides professional enterprise architecture solutions from a global perspective, optimizes business operation models, assists enterprises in fulfilling their tax obligations globally, reduces the burden of tax management, better responds to risks, and makes enterprise operations more efficient.

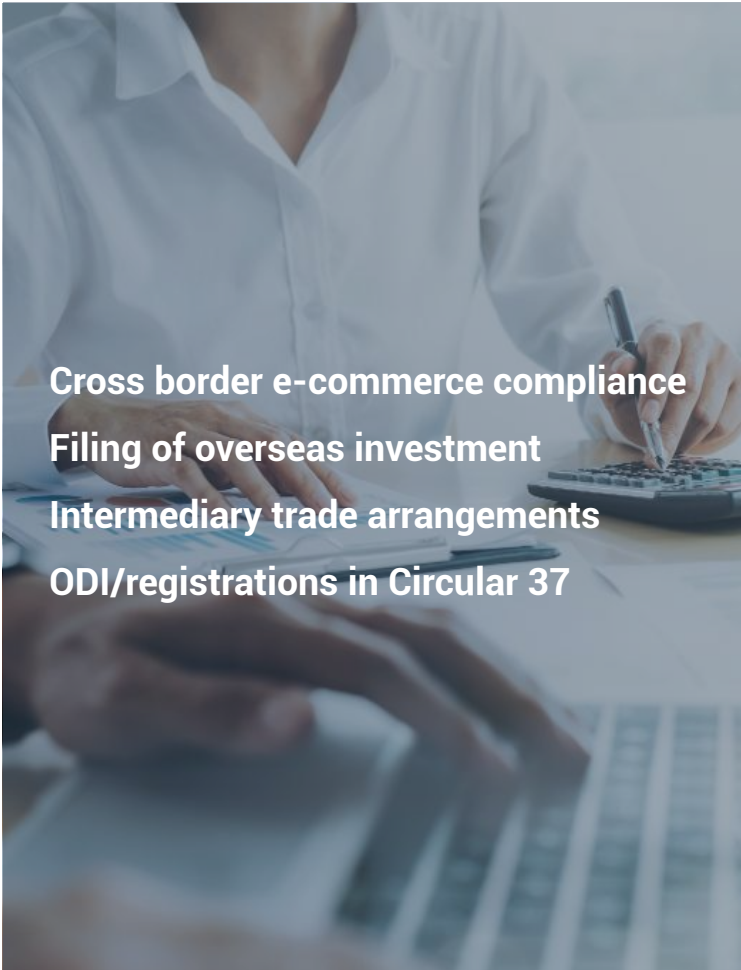

Consulting for Capital Market

Going public in the capital market and bringing in new sources of capital marks a milestone in the development of an enterprise. A massive investment is indispensable throughout the process, during which all steps must be completed on time and according to regulations.

InCorp International is familiar with the operation of international capital market and skilled in communicating with professional institutions in related capital market. Our partners cover mainland China, Hong Kong SAR, Singapore, Malaysia, Australia, Middle East, the United States, the United Kingdom, and other European countries and regions, providing professional and efficient services for clients to achieve international capital strategy operations.

Cross-Border Compliance

Cross border e-commerce compliance
Filing of overseas investment
Intermediary trade arrangements
ODI/registrations in Circular 37

According to the relevant policies and laws of China, Chinese enterprises are required to obtain permission from the Ministry of Commerce of the People's Republic of China, National Development and Reform Commission, Administration of Foreign Exchange for overseas direct investment or M&A transactions. InCorp International team has rich experiences in assisting Chinese enterprises to complete the three major aspects of cross-border investment and realize the globalization of enterprises.

**EXPERTISE HELPS
ENTERPRISES
GROW AND DEVELOP**

With the constant adjustment of e-commerce policies, the compliant operation of e-commerce enterprises has become a common issue in the import and export field. InCorp International, with rich experience in cross-border e-commerce counseling services, provides clients with reasonable and compliant cross-border e-commerce compliance solutions.

Accounting and Taxation

International Tax Consulting

- ✓ **Accounting. Auditing. And Tax Returns**
- ✓ **Corporate Finance Training**
- ✓ **Application For Offshore Exemption**
- ✓ **Deregistration Striking Off A Local Company**

The tax systems of various countries are generally composed of multiple taxes, i.e., a compound tax system. The countries and regions currently adopting the direct tax system mainly include Hong Kong SAR, Singapore, United States, Japan, United Kingdom, and Germany. Direct taxes refer to the tax burden that is difficult to transfer and is mostly paid by taxpayers, such as corporate income tax, individual income tax and social security tax.

With profound knowledge of global tax and accounting, great expertise, and technical innovation capability in corporate governance and subsidiary management, InCorp International analyzes various perspectives of the strategic transactions in different jurisdictions with a holistic view of corporate development. We aim at reducing the burden of corporate tax management, enhancing the credibility of financial statements and disclosures, and assisting companies in a transparent, controlled, and coordinated manner in performing their global tax obligations rationally, improving business functions, supporting management policies, and addressing risks better.

The professional team of InCorp International is familiar with international accounting and auditing standards, proficient in international languages, We provide services in four languages, including Chinese, English, Malay and Hindi. And adept at communicating with relevant parties. Our services cover multiple major economies worldwide, providing customers with one-stop diversified professional services for global operations.

Secretary and Compliance

License
Application

Opening Of Offshore
Accounts

Our compliance experts have gained a comprehensive understanding of the compliance requirements of companies in various jurisdictions. If you do not have a deep understanding of legal, regulatory, and compliance issues in your business operating region, it can be a challenging and time-consuming task. InCorp International will be your valuable partner, providing centralized secretarial and compliance services for all your regional subsidiaries.

Inheritance Trust**

The international background has established the role of InCorp International's family office service. Our team includes global senior private bankers, chartered financial analysts, accountants, lawyers, actuaries, wealth planners, investment experts, trust experts, and other elites in various fields. It has built family wealth management systems for several families, involving private banks, holding companies, family funds, family trusts, and family foundations.

Immigration and Study Abroad

Singapore Immigration Plan

The main purpose of Singapore's various immigration programs is to attract global talents with specific skills, experiences, or investment capabilities to promote economic growth and diversification. The programs include the Global Investor Program (GIP); Employment Pass; EntrePass; ONE Pass; and TECH Pass.

Hong Kong Immigration Planning

Hong Kong Capital Investment Entrant Scheme (CIES), Hong Kong Highly Qualified Persons (HQP), Premium Talent, Professional Talent Program (PT), Hong Kong IANG Visa. The Hong Kong Government has launched a series of programs for acquiring Hong Kong status with the aim of attracting global talents, experts and high net worth individuals to settle and develop in Hong Kong, and to explore the diversified investment opportunities in Hong Kong through the deployment and management of wealth.

Education Abroad Program

InCorp International's abroad education service is committed to providing comprehensive study abroad planning and support for clients' children to ensure that they can make informed education decisions.

Overseas Permanent Residence

InCorp International is a leading professional service organization in Asia–Pacific. With a global network, it brings together the wisdom, value and services of professionals from all over the world. It can provide clients with immigration services in multiple countries. Whether you obtain an overseas visa or PR through talent introduction policies or investment, we can provide you with the safest and most reliable planning and services.

Overseas Investment Consulting

InCorp International has a global service network, a professional team of elites, and a wealth of service experience. Whether you are investing in overseas business, setting up factories, cross-border trade, mergers and acquisitions, or legal and tax matters, our integrated eco-system can provide you with one-stop comprehensive professional services.
